EXAMINER'S AMENDMENT

1. The application has been amended as follows:
 - 1.1. In the specification, page 1, line 14, after "June 3, 1999" add --now US patent 6366298 --;
 - 1.2. In the specification, page 1, line 16, after "July 8, 1999" add --now US patent 6505201 --.

STATEMENT OF REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

As shown by Filepp, Angles, Hassett, Pegorao and Mandel, the close prior arts of record, methods for displaying advertisements to a user accessing an online session provided by an online service provider are well-known. However, none of the prior art of record including Fiepp, Angles, Hassett, Pegorao and Mandel provides sufficient suggestion or motivation to arrive at a method that includes "the client application, online service provider, and Internet browser be separate and distinct from each other" (see page 6 of the Board of Patent Appeals and Interferences decision) as required in the present claims. Accordingly, the claimed invention, as a whole, would not have been obvious to one of ordinary skill in the business methods art. None of the prior art of record teaches, discloses or suggests a method for accessing online content with subsidized advertisements with the specific and separate client application, browser application, and online service provider in the manner as those recited the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

Art Unit: 1796

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
